

Inox

Stainless steel polish

Description

Suma Inox D7 is a ready to use polish for use on stainless steel surfaces, which are not used for the preparation of food.

Key properties

Suma Inox D7 is a specially formulated polish for use on stainless steel surfaces, which are not used for the preparation of food, like refrigerator, freezer doors, trolleys, dishwashing machines etc. The special blend of oils provides protection and leaves a shiny surface.

Benefits

- Helps protect surfaces by forming a protective film
- Keeps surfaces looking good, with a smooth lustre
- Resists finger marks and water spotting to maintain a polished appearance for longer

Use instructions

Suma Inox D7 is a ready to use product and should not be mixed with water.

1 Squirt onto a clean cloth

2. Apply on clean and dry surface and polish

Use only on non-food contact surfaces.

Technical data

Appearance : clear liquid
